# Welcome to our 6-month Fellowship Program

---

The aim of this program is to extend your knowledge and experience by attending to Oral and Maxillofacial surgery procedures at our Center, under the supervision of Professor Federico Hernandez Alfaro, Director of our Maxillofacial Institute.

During this fellowship program you will be fully incorporated to our surgical team, which will allow you to have a comprehensive and thorough insight of the planning and execution of orthofacial surgery procedures, as well as a complete understanding of the methods and techniques used in our Maxillofacial Institute.

At the end of the program you will receive a Certificate of Completion.

\* 1 fellow per semester

Price  
60.000€

## This Fellowship includes:

---

- Participation in clinical activities in the Institute, accompanying the members of our surgical team and staff.
- Clinical evaluation of surgical cases of all kinds of maxillofacial procedures
- Treatment planning, methodology and applied criteria according to our innovative approach.
- Learning our 3D planning methods and software
- Attendance to patient's clinical evaluations and examinations
- Assistance as observer to surgical interventions
- Participation in research projects.

# Location

Our Maxillofacial Institute is located at the Teknon Medical Centre, an International centre of reference for health.
